SOW & PLANT BY ZONE

Zones 5-6 can plant garlic and shallots.
Zones 9-10 can plant kale, peas, spinach and any remaining lettuce.

INDOORS

Zones 4-6 can plant parsley and lettuce in pots for an indoor winter garden (place them by a bright window for best results).

HARVEST BY ZONE

Zones 6-7 can harvest spinach, parsnips, kale, lettuce, spinach, broccoli, and carrots.

Zones 8-9 can harvest sweet potatoes, pumpkins, cauliflower, radishes, arugula, bok choy, broccoli, collards, kale, lettuces, and beets.

Zone 10 can harvest beans, carrots, kale, cucumbers, lettuce, and peas.
